

Select Dental Copay Plan

A predictable policy to help you get the dental care you need.

With access to:

Aetna Dental[®] Administrators Network

Why choose Select Dental Copay?

It may seem like all dental plans are a little confusing. You're never quite sure what is your responsibility to pay and what isn't.

Select Dental Copay works a little differently. You'll know up front exactly what you'll pay for covered services – your copay – and your plan will pick up the rest, as long as you stay in the network. The plan will pay for network services up to \$3,000 per person per plan year.

And you won't need to worry about searching high and low for providers, either. You get access to the Aetna Dental[®] Administrators network, with 89,000 unique providers nationwide.

Plan Highlights

- » Fixed copayment amounts for covered services, so you can budget for care ahead of time.
- » Checkups and Basic Services are covered from Day 1 of the plan; 6-month waiting period for Major Services.¹
- » Get a 10% dental premium savings when you purchase with any other National General plan.²
